Swimming Ability

For your own safety it is important that you are a competent swimmer. At a minimum you must be able to swim 50 metres in light clothing.

The club will hold swim tests and training in capsize procedures, not only to demonstrate your competence but also your confidence under the water, swimming on your front and back and your ability to tread water.

Can you swim 50m in sports kit, tread water for 2 minutes and swim 5 meters underwater?	Yes/ No	Have you ever done a capsize drill at another club (within last 3 years)	Yes/ No
	If you cannot meet this requirement you must wear a lifejacket or buoyancy aid at all times when in a boat.	Which Club and Date?	

SPECIFIC PHOTO/VIDEO CONSENT

In rowing, video of athletes training is an essential tool in improving technique. Video and photography may be used during the course of training at the club for the purposes of technical coaching. Such video will not be used for any other purposes and will on request be made available to the appropriate member or parent for viewing. Derwent RC will follow the British Rowing guidance for the use of photographs and videoing for training/coaching purposes, a copy of which is available from the British Rowing website. Derwent RC will take all steps to ensure these images are used solely for the purposes they are intended. If you become aware that these images are being used inappropriately you should inform the club welfare officer and British Rowing immediately.

The management of photography of children in rowing is a very difficult subject as competition and training is almost exclusively carried out in large open public spaces where it is not possible to control admission. There may also be event photography taking place at competitions.

Photographs may also be used on the club's website for promotional purposes. Should any member or parent object they should notify the club in writing.
